

confirmed by a brief message received from Brig-Gen. Sir Charles Harrington this morning. He stated that the Nationalists have accepted the note in principle.

The preliminary peace conference in Mudania opened yesterday with a promise by Ismet Pasha to issue new orders to the Turkish National troops at Chanak to avoid contact with the British.

The matter of a delegation to Thrace has not yet been taken up, presumably because the Greek General, Mazarakis, did not arrive until today.

PARIS, Oct. 4.—A special dispatch from Ankara says that orders have been issued to the Turkish military commands to evacuate the neutral zones in Asia Minor immediately. The Turkish cavalry has already begun to withdraw from the Bardsanli section.

SPRIT OF CONCILIATION MARKS MUDANIA PARLEY

Turks Say They Do Not Desire 'Incidents With English.'

CONSTANTINOPLE, Oct. 4. (Associated Press).—Conciliation thus far has marked the conference between the allied Generals and the Turkish representative at Mudania. Ismet Pasha, who speaks for Mustafa Kemal Pasha, leader of the Nationalists, and of the Ankara Government, has announced that the Government accepted the allied proposals in principle and explained at the opening session that the Turks "had no intention of creating incidents with the English."

At today's meeting Ismet asked for a settlement of the Turkish administration of Thrace and requested that Thrace should be freed from all allied control but he felt that at least one month would be required to effect the transfer. He also suggested that there should be an allied covering force on the Maritza River and that a neutral zone should be created west of that river.

The allied Generals explained that the proposed administrative measures must all be subject to the approval of the Governments concerned. Ismet then expressed a willingness to meet the Greek delegates.

On the opening of the proceedings on Tuesday Gen. Harrington, commander in chief of the allied forces, said that the objects of the conference were threefold: first, to obtain a cessation of hostilities; second, to fix the line in Thrace behind which the Greek troops would be invited to withdraw, to arrange the details of evacuation and to transfer the administration to the Turks, the plan of which would be submitted to the Powers; third, to pave the way for a future peace conference.

The Turks at first showed apathy with regard to the details of the administration of Thrace until they had tested the sincerity of the Allies' desire to restore Thrace to them. It was then pointed out that restoration depended on the acceptance by the Turks of the allied note from Paris.

Later information from Mudania reports that Ismet Pasha proposed that British military movements in the direction of Constantinople and the straits should cease. Gen. Harrington answered, accepting this proposal, provided the Nationalists agreed that all British troops now en route should be allowed to proceed to their destinations.

SMYRNA EVACUATION TIME LIMIT EXTENDED

Foodstuffs Landed at Constantinople for Distribution.

SMYRNA, Oct. 4. (Associated Press).—The local Turkish authorities have extended the time limit for the evacuation of the Christian refugees from Smyrna to October 8, owing to the discovery in the suburbs of considerable numbers of persons who had been unable to leave under the provisions of the original Turkish invitation.

These are being turned over to the American Relief Committee for embarkation.

Fourteen hundred tons of foodstuffs have been landed at Constantinople for distribution by the Near East Relief among the Smyrna victims, according to a cable received yesterday at 151 Fifth avenue from the Ottoman capital. The cargo was purchased at a cost price of \$177,119.46, advanced by R. J. Cuddihy, publisher of the Literary Digest.

The Clontarf was caught by wireless at Gibraltar and ordered to rush to Constantinople, where the cargo of flour, canned milk, cocoa, rice and other supplies is being redistributed to Mitylene, Chios, Rodosto, Mudania and other centers where the local food supply is insufficient to care for the refugees.

Charles W. Fowle, foreign secretary of the Near East Relief, sailed yesterday morning on the President Van Buren for Constantinople. Mr. Fowle will aid in the relief work and expects to be gone for several months.

REPORT TURKS BOMBARD AMERICAN DESTROYER

Dispatch From Athens Has Not Been Confirmed.

LONDON, Oct. 4. (Associated Press).—Reuters has received the following from a semi-official source in Athens: "According to the newspapers an American destroyer engaged in embarking refugees at Alvali was bombed by the Turks." (Alvali is on the Asia Minor coast north of Smyrna, opposite Mitylene.)

(No confirmation of the above report, which was received here yesterday at 3:22 P. M., has been obtained.)

KEMAL MAY ABANDON ALLIANCE WITH SOVIET

If Powers Grant All Demands He May Abrogate Treaty.

CONSTANTINOPLE, Oct. 4. (Associated Press).—Russia loomed on the horizon today for the first time as likely to prove an important figure in the settlement of the Turkish problem.

The negotiations at Mudania have brought to light the fact that Mustafa Kemal Pasha's advisers are urging him to obtain from the Allies pledges for eventual fulfillment of all the conditions of the so-called national pact, including control of the straits and modification or annulment of the capitulations.

Should he succeed in this, it is said, he will at the same time attempt to abrogate the treaty made with the Soviet Foreign Minister, Tchitcherine, in Moscow on March 16, 1921, which permits the Soviet and the Black Sea countries to share in the control of the straits.

EXPERTS IN FINANCE COMING FROM BRITAIN

Head of Bank of England to Accompany Sir Robert Horne.

LONDON, Oct. 4. (Associated Press).—It was definitely announced to-night that Sir Robert Horne, Chancellor of the Exchequer, sails for America to discuss the question of interallied debts he will be accompanied by several financial experts.

The list includes Montagu Norman, governor of the Bank of England; P. J. Glegg, private secretary to the Chancellor of the Exchequer; and Rova Dunlop, a high official of the British Treasury.

CONSTANTINE HALTS SHIP

Delay of Vessel Causes Rumor He Will Come to United States.

CONSTANTINOPLE, Oct. 4.—A message from Athens says that the Greek Government has ordered general mobilization of the classes of 1917 and 1918. It has also canceled all leaves.

ATHENS, Oct. 4. (Associated Press).—The Minister of War today issued a proclamation calling upon all able bodied citizens who do not belong to the mobilized forces to volunteer in the Greek army until the end of the present conflict with Turkey. The War Minister pointed out the enlistment of new recruits would stimulate patriotism among the soldiers at the front.

Russia, Spain, Bulgaria and Rumania have taken preliminary steps toward recognition of the new regime. The newspapers are printing cablegrams from Greek organizations in the United States, notably Chicago, congratulating the revolutionists and favoring the creation of a Greek republic.

Albanians are reinforcing their troops on the frontier as a result of the Greek Nationalist movement.

PARIS, Oct. 4.—Admiral Cououdouliotis has refused the Greek Premiership, according to a Havas dispatch from Athens. He says he prefers to remain in command of the navy.

PALERMO, Italy, Oct. 4. (Associated Press).—Former King Constantine still lives on board the steamer Patria, which brought him from Greece. His fate will take up his residence, coupled with the fact that the departure of the steamer for Marseilles has been postponed, has given rise to rumors that he will stay here but a few days and then go to America.

Constantine comes ashore quite frequently and motors with his consort through the city. He is the object of great curiosity on the part of the inhabitants, and this seems to annoy him. He has refused to announce any definite plans to return to Greece, but is looking for a place in this city in which to reside.

VIENNA LANDLORDS QUIT STRIKE, FEARING LAW

Only Small Percentage Keep Pledges After First Day.

SPECIAL CABLE TO THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.

VIENNA, Oct. 4.—The landlords' strike inaugurated last night is turning out to be a failure to-day, as only a small percentage of house owners are abiding by their pledges to the strike committee not to grant the customary services to their tenants until the Government has authorized a rental increase amounting to several hundred per cent.

As was to be expected, the owners of apartment houses were the first to yield to the pressure of tenants and police. If they had continued their interference with public comfort they would have had to pay large fines and probably jail sentences would have been imposed.

As a result the owners, many of whom before the war were rated as millionaires, half heartedly supported the movement last night and did not interfere when the tenants themselves restored electric connections. In fact, in most cases the landlords on demand turned over the necessary wrenches to turn on the water and gas inside the houses.

In the outskirts of the city, however, the strike last night was general, but when the owners learned this morning that most of their colleagues had abandoned the fight they declared that they would no longer keep up the program themselves, but would again try to convince Parliament that it was necessary to revise the rent schedules if property holders were not to starve this winter.

MINERS DEMAND SAME RATE OF PAY UNTIL 1925

Policy Committee Reaffirms Stand for Shorter Hours.

CLEVELAND, Oct. 4. (Associated Press).—The policy committee of the United Mine Workers of America today reaffirmed the demands of the February convention of the union for continuance of the present wage in coal mines until 1925, a six hour day and five day week, time and a half for overtime and double time on Sundays and holidays.

These demands will be presented to the next state conference of miners and operators prior to the expiration of the 31st of the Cleveland agreement now in force.

The policy committee meeting followed the final session of the joint conference of operators and miners here yesterday. The conference agreed upon a method of selecting delegates to a conference in Chicago November 14 to formulate procedure for a new agreement to become effective April 1.

AMERICAN WOMAN SAVES 500 GIRLS FROM SLAVERY

Backed by American Flag and British Rifles, Mrs. Ira Mitchell Rescues Christian Refugees Captured by Turks.

SPECIAL CABLE TO THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.

CONSTANTINOPLE, Oct. 4.—Nearly 500 Greek girls were saved from being sold as slaves in Stambul, due to the intervention of the wife of an American missionary, backed vigorously by American diplomatic officials and British rifles.

Mrs. Ira Mitchell, wife of the Rev. Ira Mitchell, who is representing the American Society for the Propagation of the Gospel among the Turks, learned that a group of these Christian refugees from Smyrna and other points in Asia Minor had been gathered in Stambul under Turkish "protection." With a representative of the American High Commissioner she went boldly into Stambul, marshaled the girls and marched them to the American Embassy, her companions informing the Turkish "guardians" that the girls were under the protection of the American flag.

There was no room for them in the embassy, so the girls were sent to the mission's quarters. Even there, however, Mrs. Mitchell feared for their safety. Certain wealthy young Turk officers were reported to have determined to acquire certain of the prettier girls, and at nightfall Mrs. Mitchell observed suspicious figures growing about the mission, seemingly accompanied by armed bands.

She telephoned the nearby British post, which hurried out a big guard of motor cars and posted sentries with orders to fire immediately their challenge went unanswered. It is reported that three prowlers were killed during the night, but the mission premises are now safe.

TWO AMENDMENTS TO IRISH CONSTITUTION

Universities Get 4 Members in House, None in Senate.

DUBLIN, Oct. 4. (Associated Press).—The first successful material amendment to the proposed Irish constitution was reached today with the discussion of Article 26, dealing with the composition of the Chamber, the form of elections and the basis of representation.

Prof. McGonnigle of the National University moved an amendment providing that every university in the Free State shall be entitled to four representatives in the Chamber. The Government did not oppose the motion and the amendment was adopted. In return for this concession, Gerald Fitzgibbon of Trinity College moved the deletion of the provision for university representation in the Senate. This also was carried.

The House agreed to the article directing that the polling in elections shall be held on the same day, which is to be proclaimed a general holiday, and also that the Ball Elreann shall continue in force for four years, and shall not be dissolved except on the advice of the executive council.

GERMANS HAVE PAID 7,000,000,000 MARKS

Less Than Half Cost of Rhine Occupation in Cash.

PARIS, Oct. 4. (Associated Press).—Gold marks to the amount of 7,000,000,000 in round figures constituted the total payments made by Germany on reparations up to April 30, according to figures printed by the Reparations Commission. This amount includes cash and deliveries in kind and the value of railway rolling stock, automobiles and other property turned over at the time of the armistice.

To the cash payments totaled approximately 1,425,000,000 marks, less than half the cost of the military occupation of the Rhineland, which up to April 30 had reached 2,131,000,000 marks for the Allies and 1,000,000,000 marks for the United States.

The submarine cables turned over by Germany are estimated in the figures given in the pamphlet at 48,000,000 marks; real estate, including the Sarrs mines and German Government property in the colonies and allied countries, 2,500,000,000 marks; deliveries in kind, including coal and dye, 1,511,000,000 marks; deliveries at the armistice, 1,188,000,000 marks.

VENIZELOS URGES U. S. AID IN THRAGE

Asks Harvey to Request Moral Pressure to Have Allies Hold Territory.

SPECIAL CABLE TO THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD.

NEW YORK, Oct. 4.—Ex-Premier Venizelos of Greece visited George Harvey, the American Ambassador, to-day and requested him to ask Washington for its moral support and moral pressure on the Allies to obtain the indefinite allied occupation of western Thrace and the postponement of handing it over to the Turks.

M. Venizelos said he had told the Athens Government that unless it was prepared to evacuate the Greek troops from eastern Thrace and resign itself to eventual occupation by the Turks, falling in line with the general allied policy, he would refuse to act in its behalf.

After his conversation with Lord Curzon yesterday, however, M. Venizelos is said to be more optimistic. He thinks that the Allies will allow Turkish gendarmes to enter under allied supervision, which he thinks will mean the extermination of more than a million Christians. He wants the Allies to occupy Thrace till Greece can withdraw all of her nationals east of the Maritza River.

MONTREAL DISCOUNTS AMERICAN DOLLARS

City Refuses to Accept Them at Par Value.

MONTREAL, Oct. 4.—For the first time in a number of years United States dollars were not accepted at their par value at the City Hall to-day when tendered in payment of large taxes.

Assistant City Treasurer Collins explained that this action was taken upon notification from local bankers that American dollars were selling at a slight discount in this market. Mr. Collins said that a few small taxpayers who had no other money were permitted to pay in American dollars, but that Canadian money was insisted on for payment of large taxes.

"The city of Montreal," he said, "does not regret to see this change as the city has been paying high premiums on remittances to New York during the last two years. In several instances the premium was as high as 15 per cent, which amounted in one year to \$85,000."

FUNERAL OF ATKINSON TO BE HELD TO-DAY

He Was General Manager of Artemus Ward, Inc.

PROTOCOL SIGNED TO SAVE AUSTRIA

Britain, France, Italy and Czecho-Slovakia Guarantee Issue of Loan.

GENEVA, Oct. 4. (Associated Press).—Ignaz Seipel, the Austrian Chancellor, and the representatives of Great Britain, France and Italy this afternoon signed the protocol making effective the plan of the League of Nations to save Austria. Dr. Seipel had tears in his eyes as he signed the document, and the representatives of the other States were scarcely less affected.

The protocol consists of three documents. The first is a declaration by Great Britain, France, Italy and Czecho-Slovakia, the principal guarantors of the loan which will be made to Austria, that they will respect the territorial integrity, independence and sovereignty of Austria and will seek no special or exclusive financial or economic advantages that would compromise Austria's independence.

The other documents authorize Austria to issue for sale bonds sufficient to produce the equivalent of a maximum of 650,000,000 gold crowns and to provide for the guarantee of interest on the sinking fund by Great Britain, France, Italy and Czecho-Slovakia of 80 per cent. of that sum. Austria pledges for the payment of the interest on the bonds her customs receipts and the tobacco monopoly, and agrees to undertake reforms necessary to balance her budget.

The Austrian Government accepts supervision in the application of reforms by a commissioner of the League of Nations, whose authorization will be necessary before the Austrian treasury proceeds to realize on loans guaranteed by the Powers. It abandons all rights to issue paper money or negotiate loans and accepts supervision by a commission composed of representatives of each nation guaranteeing a portion of the loan.
